- Premier Fishing Line Cutter • LED Light, Perfect for Low Light or Night Fishing • Easily Cuts Braided, Fluoro, and Mono Lines • 36" Long Reach with Nylon Tether and Carabiner • Integrated Safety Mechanism • Integrated Hook Eye Cleaner • 400 Series Stainless Steel Cutter and Blades • 3X Magnifying Lens for Tying Flies or Working with Small Tackle

Description

An ideal solution for those who want a better view when working with small tackle.

Trimming a fly or tying a knot, having a magnifier and an LED light on the ready is a dream come true for the seasoned angler or the hobbyist. The new design securely holds the 3X magnification lens in multiple positions and folds closed for ease of storage.

Like all of our Snip's, these Cheaters can cut through braid, mono, and fluoro lines clean and smooth every time.
