Description

The Snip LED Fishing Line Cutter cuts clean and precise through 50 Lb braided, mono, and fluoro lines, and adds an LED light, perfect for low light or night fishing.

With the built-on carabiner, clip it to your hip or vest so it's always handy and never lost.

Snip the fishing line and let it go, the built-in tether retracts back into place until you need it again. No more looking around the boat with your hands full for a set of fishing pliers or nippers.
