Description

Designed to excel at a wide range of finesse applications, the Ardent Edge Series Spinning Rods deliver excellent sensitivity and power. The high-grade 36-million modulus Toray carbon blank are super lightweight, and they have been computer designed to deliver the perfect action and balance. The blanks also feature an exclusive cloth wrap for unprecedented strength. Durable micro guides help reduce weight while increasing casting distance and accuracy, and the high sensitivity tips help increase sensitivity even further. Lightweight Comfort Touch reel seats provide direct access to the rod blank for increased sensitivity transfer, and premium molded split grip handles deliver all day comfort. The new Ardent Edge Series Spinning Rods have what it takes to give you an edge over the competition.
